DR 7.5 – 4th year
Summer Schools Organized in Year 4

Due date of deliverable: June 2008

Actual submission date: 3 June 2008

Start date of the project: 1 May 2004

Duration: 48 months

Organisation name of lead contractor for this deliverable: ETHZ

Dissemination level: PU

During the fourth year, four summer schools and three winter schools were organized. In order to observe and continuously improve the quality of the EURON schools, we again asked each participant to fill in a questionnaire. The results of the questionnaire enable us to judge on the quality of the individual school and draw conclusions for future schools. This document lists the EURON schools 2007-08 and gives an overview on the evaluation results of the seven schools supported by EURON in the reporting period 2007-08. The detailed reports of the EURON schools are available on request. Please also refer to the Webpages of the Schools.
